Man does not stay 6 feet away from other people, he is now 6 feet under

New man

= Blackhawk Realm / Schwarzhabichtreich =

A nation in a different Earth with slightly different countries, the Blackhawk Realm attempts to cement itself as a superpower under novudeism. It has land mainly in Europe, but also Africa, South America, and Asia. The Realm is famed and founded on their brutality against those who they see as inferior, like most fascists. Unlike most fascists, however, the state is founded on a new and arbitrary race, state, and/or culture, with worse policies than normal fascism (not as bad as Nazism). This creates a new ideology: novudeism (from Latin novus deus, new day). It includes Aquilans, Velandians, Aetherlanders, Lavanese, northeastern Spadacians, mainland North Seians, and northwest Lavenderians. This nation doesn't represent my views.

Free Jeililand is a strong, patriotic society of settlers exiled from a failed state that didn't respect the citizen's right to refuse to participate in a chaotic, uncontrolled, and vile society.

That's why the federal police force control everything instead of the government. How orderly and well kept!

Man spontaneously turns into a femboy as the humor is that Swedish people are stereotyped as femboys.

A more realistic version of The Grob created by the same guy. Expect the same but with less of the cyberocratic wildness and something more based in reality... Think China.
