Another drill like it.

The Army of DxD is an army tasked with defending the world from supernatural threats that aim to bring chaos or to destroy it. It is, for the most part, neutral in human politics (though it does slightly favour NATO), but will actively try to prevent a world war, and, in a war, will take a side if its bases, puppet territories and/or concessions are attacked enough.

Most of the stuff here is WIP.

Electrical failure.

The Confederacy of Free Indian States, set in an alternate timeline in which India doesn't get colonised, is a regional union with member states enjoying a high level of autonomy.
