I have a cliché: not taking the time to read the factbook motto/flag. I take the time to do that. But this just might be just summies being summies. Correct me if i am wrong with this

It happens a LOT in so many F7 threads I'm not even kidding.

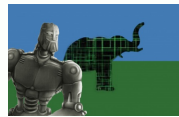

It's why I'm almost forced to link relevant factbooks/dispatches when making replies to things like "How BNs soldiers react to fighting ANs soldiers" and such.

Granted, for the training one, I have to assume they did the reading as the

factbooks I have on tactics aren't exactly relevant in their entirety to the subject, beyond showing off how they work (to some extent) and also touching base on organization. Mildly.

People like me are the worst victim of summies (I kinda deserve it for not changing my name)

They see "African" and think either warlords in a fleet of Toyota Hiluxes or an indigenous African tribe. It's as if the sig, flag, and many factbooks are for nothing.

It's always a bit painful when on one of the "AN v.s" threads I see something like "They're a weak african nation so we destroy them"

another NS cliché I see rarely: Ideologies that focus on a weirdly specific thing to the detriment of everything else, IE: Spider Cult that has no economy because spiders cannot set economic policy or an administration entirely located on a boat that's barely alive due to being unable to properly farm on a boat

I have a puppet where the entire nation can be summarized as 'pretty much North Korea except it's a massive empire and the entire state ideology and religion is centred around Korean girl groups'. It's basically stanning taken to the extreme.

I have an alt which is very similar to Oceania from 1984 but people are kept in line through mind-control gas, and I'd rather live there than your alt. At least I'd love the state there.

Instead of writing some edgy nation description, let me just say this nation's concept was made in about 30 minutes and it somehow didn't end up horribly. My inactivity may kill the momentum though.

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

About: A cyberpunk, post-apocalyptic, biblical Jewish state that spans the Nile to the Euphrates, acquired through 20 years of cataclysmic bloodshed.
