The Monolith Deathcult - *Den Ensomme Nordens Dronning*

**CVT Temp wrote:**

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Got anywhere I should start with Godflesh, Hurdegaryp?

[Neurosis-Souls at Zero](#)

This album feels like a mix of their hardcore punk type of days and going into more metal.

Manowar - The Warrior's Prayer (live)

This is kinda hilarious to listen to as the crowd is telling this story at the same.

Hmm, not really into Souls At Zero, at least right now. Never really been that into hardcore or punk-styled vocals, so...

Neurosis-Burn

So, time for The Eye of Every Storm

Joe Strummer and The Mescaleros-Minstrel Boy

Apparently Joe Strummer died 11 years ago today (Know this because my brother is a huge fan). So I'm listening to this.

[The Strokes - \*Slow Animals\*](#)

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize

it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.
