Brazil, the last democracy in South America, is under siege by both internal and external foes.

German Empire vibes :bro:

☐ Zweite Republik Deutschland ☐

It is 1938, 20 years after the **Great War** and the German humiliation, and democracy has persisted in **Germany** in spite of attempts to subvert it from the secret societies of the far-right **Thule Society** and the reds of the **KPD**. However, **Berlin** becomes a battleground of poverty, debauchery, and political extremism as various paramilitary forces fight against each other in the streets. Yet the development of a secret arcane martial art known as the **Seelenfluss** and the weaponization of esoteric lethal fencing techniques may change the tip of German politics forever...

If it's not Islamic, is it Zoroastrian? Or is it secular? If so, that's pretty weird considering IRL Iran.
