A civilization with an over 3,000 year history of lizard people killing each other and enslaving everyone else. Now they've finally calmed down and formed a modern westernized constitutional monarchy. (long live Emperor Yoshio!)

**Sorry for the long wait, but my new nation is still a slow work in progress. Completely new map than this one has.**

Things to keep in mind:

- This isn't a single nation, but a whole planet full of many nations. I will usually reference a certain nation when posting.
- The flag being used is just to represent that it is a planet, it is not used at all in the 'canon', as there is no one flag for the planet Instead I chose to just use an image of the planet.
- I've referenced the prequels 124 times on F7.

An autocratic, militaristic American empire birthed out of the chaos of the Articles of Confederation. (Most of that applies to the modern US, now that I think about it.)
