She Has No Time - Keane.

Zirc, why do you post so much but never discuss anything?

Probably because this is called "What are you listening to now?" and not "Discuss what other people are listening to". Plus, I do sometimes. But mostly just with people with similar tastes. If you go back, you can find discussions with Cos, Zeth, CD, and others.

It's still technically on-topic. Anyhow, I asked out of boredom, so thanks for responding.

I suppose I'd win faster if I stopped procrastinating, but where's the fun in that?
