Our "Policies" page features the economy as "Capitalist". This is a false statement and is not canon, as it is the result of an unfortunate NS error. Please use the Socialist economy as our canon economy. Thank You!

(POV: Average F7 lingerer.)

Thanks for the heads up, I will totally ignore this and classify you as a socialist/communist nation from the flag alone and not read any of your factbooks.

I use two websites, FlagMaker Jr. due to how simple it is, and Img2Go for uploading more complicated symbols that I can upload as .pngs or .jpegs

That's a bit obscene isn't it? I'm only participating in it since I think it's a harmless idea.
