The government? Oh, go for it, so long as you don't make any threats.

The leader? Same, go ahead, they probably deserve it.

Her Most Serene Majesty the Arch-Emira, who is really just legally head of state and has no actual power? Well, we have lèse-majesté laws if you are willfully crude and crass, and you'll get a 5 Coruun fine (It's not been updated since the Death Penalty was removed from it in 1904), but like... We rarely prosecute on that... People make comedy and satire all the time. It's really only if you're seriously out of line.

Also, Her Most Serene Majesty is like 16... Do YOU want to go into a duel of cutting words with a teenager?
