Julia Holter-Boy in the Moon

Liking her music more then I expected to.

Listening to her, now. I like her, but the volume and pitch of her voice, at the beginning of the first song, scared the shit out of me.

Music doesn't scare me easily anymore. Sometimes it can be unsettling, sure, but scaring me isn't easy.

Actually, I don't know if music has ever scared me before. I think it has, but I can't be certain.

If you like Julia Holter, you might like Chelsea Wolfe, too. I mentioned Chelsea Wolfe to someone (Calorax), and they suggested me Julia Holter.

Julia Holter-Four Gardens

Edit: In response TO your link, I quite like the Whale Rider soundtrack of hers, and her song on the Black Hawk Down soundtrack.
