I really like these parties, they're cool. I'm not sure who I'd vote for out of the SDP, DS or GLP. Even the BVL has a bit of a pull from their direct democracy support although I doubt I'd ever vote for them. It'd depend on the voting system and seat, probably, but if push came to shove, I think I'd vote DS.

**We do not use NS Stats, policies, or otherwise. Please only judge us by what is in our factbooks.**

An alternate history version of China in which the alliance between the Kuomintang and the Communist Party never broke down, eventually resulting in a federalized, democratic China. Though one of the world's strongest economies and an emerging superpower, China continues to suffer from high rates of income inequality, an overreaching and sometimes corrupt government, and cultural issues that continue to persist despite the efforts of many reformers over the decades. Most factbooks are still an active WIP.

Internet, that still hasn't changed. I also wouldn't mind voting for Labour, Green or the New Democratic party.
