First time seeing them.

Republic of Oskenia

"Rafo nustro módio y belvakier Oskenia!"

A modern, progressive Mediterranean island-nation rooted deep in Nordic and regional history. A socially liberal, religiously conservative republic with expansive traditions and history.

F7 regular, seen every now and then but not every day. Pretty well known for active F7ers.

Not well known. I don't think I've seen them before.

All NS Stats are canon.

Oh, and I guess you can make up anything else about this nation, like geography and such, based on your own imagination. I don't really plan on writing lore on this nation, at least for now.

Based on their 648 post count on this forum, they've gotta be pretty well known

Freedom fighters according to themselves, a dangerous terrorist organization to the Federation

Disseminating a corrosive ideology amongst the corrupt Cygnus Federation
Piracy since even before founding, nothing says good times like space scurvy
Some good fun, that doesn't represent my views, but I would hope you could discern that yourself
Stats are mostly canon

Quite well-known. A recognizable flag helps with that, I find.

Universally recognized and almost always respected and liked on
Forum 7, probably quite familiar to most elsewhere as well.

Which is always a good thing.
