Unfortunately, she appears to still be in the "Under the Lich King's Control" phase the Banshee Queen went through long before joining the Twilight Embassy, so meeting her in person would likely be lacking in conversational substance. As for this "Sarathress" entity... it's hard to judge whether it's just another Rogue Shadowmancer, or a particularly cunning Lance that's biding its time; assuming Ilia never breaks free, we hope for The Godulus Empire's sake that it's the former." ~The Council of Five

7<sup>th</sup> JULY 2020  
PRIME COMMISSAR MOZHKIN TURANISKI

TO: COMMISSAR LAKERSK TURNOV

Comrade Turnov,

A monstrosity has struck  
this earth. The so-called  
"Governor of Sol", a  
disgusting pseudo-  
animalistic  
anthropomorphic  
amalgamation of man and  
beast, and with their  
butchered Graska-Store  
philosophy of what their  
twisted worldview  
considers to be "socialism",  
now stands in the way of  
the international  
revolution.

I for one consider it to be  
an absurdity. This alternate  
world unearthed by  
multiversal anomalies, in  
which "Gaia" is subjected  
to the draconian and  
barbaric policies of this  
monster, is nothing short  
of a grievous threat to our  
existence. I would like to  
ensure that all diplomatic  
ties with this degenerate

" We will not bow to your dictation. We are free. We bled to be free.  
Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

**South Reinkalistan** is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

"Paxkios' story is one of many others. Standing in the face of oppression and discrimination to rise to power, and use that power to change things for the better, ensuring that no one grew up in the same circumstances she had. A truly altruistic leader, something not often seen. While several of her beliefs do not align, such as her transphobia, cultural mechanisms are responsible, and may be rectified in the future."

Overall, my view on Paxkios Izpaikia is positive. No further comments will be given.

"Mr. Turaniski, on the other hand, is a much less likable person. As a child, he was spoiled, and quickly began exploiting his status for his own betterment, rather than for the betterment of others. Once in power, he exploited loopholes in South Reinkalistan's constitution to cement his position, and generated a congress full of loyal followers, creating an agency dedicated to hunting down "corrupt" leaders."

"My personal assessment of Turaniski is highly negative. He is merely another drop in the ocean of those like him, who lie and cheat their way to the top and abuse their status to elevate themselves even higher. But as the one myth goes, Icarus' wings melted when he flew too high. Turaniski may share a similar fate, in the future."

I mean, I co-operate with unintelligent thugs myself, but in a highly regarded political setting? You're better off running a warrior government like the old Japanese shogunate or the Spartans, but you're apparently far too civilised for that, I'd say. Otherwise, no notable achievements."

Since 1985, Passione has been one of the most powerful mafia syndicates and organized crime forces in Italy, possibly the world, despite having as little as 750 members, most of them gifted with extraordinary superpowers.

(This nation mainly relies on lore from the anime/manga series *JoJo's Bizarre Adventure*, specifically Part 5, *Golden Wind*. It also uses lore developed in the non-canon light novels *Purple Haze Feedback* and *Golden Heart*, *Golden Ring*, as well as the unrelated anime *Black Lagoon*. This also contains diverged lore, specifically that everyone can see and interact with stans, *Giorno Giovanna* never existed, and that *Sorbet & Gelato* never died nor investigated the boss due to conceded demands.)

There are so many ways to tamper with corporation without even slightest NAP violation... No, no, we ain't gonna destroy this ancapistan, just use peaceful means to remove it's less desirable traits. After all, we are a powerful organization, and we have many resources to spare for shaping them into something other."-Shawn Bjornson

"Let's hope and pray, that ol' Pinochet won't suddenly turn into Andrew Ryan if we manage to get successful on Chile markets. And why do ya' reveal the cards?"-Stan Dixon

"Not all, only one, and this one card is obvious. A person like Augusto would be able to figure that out in no time."-Shawn Bjornson

Double ninja'd

"Get in line, lil' dude! We wanna collect some loot from nazis too. I mean, we just access the timeline, go in, fight together, and start looting nazi stores and rich manors, and since they are nazi, not many people gonna disapprove this. Because I like lil' Cassidy far, far better! Even if I can't get over certain traits of his, and never will, there are so many redeeming qualities, that I can't just hate him"-Shawn Bjornson

"Your approval of Cassidy fills me with shame. This is not something I will budge on. If you are willing to support that *thing*, you become a threat yourself. Consider where you want to stand, and who you will stand with, boy."  
- Kadrea Cooper, Head of Security

EDIT:

"Allow me to correct the statement, then. Your *tolerance* of Cassidy makes you a shady character, which thus makes you a potential threat. I hope you will reconsider your tolerance of that monster in the future; it does not look good for you as a person, and it presents your nation in possible opposition to our own, as we will likely be in direct and violent opposition to Cassidy's regime in the future. I would suggest standing aside."

"Approve? It's more like, I just tolerate him. But that doesn't mean, we are best pals. And still ya' threaten us... you're a bold one, I give ya' that."

- Opinion of Ms. Satan of The Rogue Nation of Californian Fallen Angels -

"There are a lot of political ideologies that I do not agree with, and vice-versa. One view that I can definitely relate to however is equality, so I will give her points for that. However, politics is politics, and we all have our own way of running our nations. What matters is what works best for our own people. She is smart, and the way she runs her nation shows that greatly... On a personal level, I try to get along with everyone, and she seems like she would be an approachable individual who I could get along with no problem, providing political views are kept out of conversation and that I catch her during a time when she does not have a cigarette lit up..."

### The Statement on Cooper

"Wait, so America descended in chaos in her timeline? Honestly, we don't mind it that much - they not only were arrogant, but spoiled "muh freedom" types as well. If similar sh\*t happened there, cities like Nukus would go oof, sure, but the nomads in Ustyurt or Kyzylkum probably wouldn't even notice, and would continue to live as lived. Anyways, back to this individual."

"Born in Canada, but grew up in California... Huh, talk about a travel. As for anyone knowing about magic being declared a terrorist... It reminds us of some universe, but we can't exactly puzzle out what exactly that universe it is. At least she got the skills and bravery to survive a global nuclear war, and being promoted in rank later on."

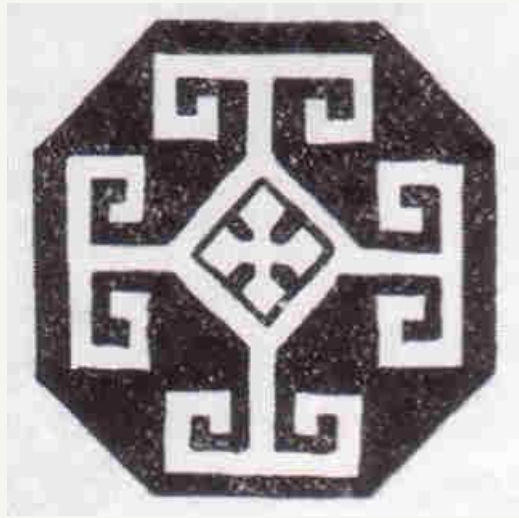

"Huh, in politics we could perhaps get along on idea of secularism, security, and being against theocracy, along with opposing primitivists. From what we have heard of ancaps, they are particularly unsavory types, and libertarianism of any kind is no bueno there. It is a bit funny of how she is against authoritarianism, yet also is very serious about her job as head of security - sure, those can be compatible, but good ol' authoritarianism goes hand in hand with security."

"She drinks and smokes? We could warn about the health effects of doing those things in long term, but from other side it is fun watching west degrading itself further by those vices. Otherwise, that wound inflicted by robot probably hurt, ouch."

## The Statement on Sera

"This is the third human-animal hybrid we have met so far. Perhaps they aren't as uncommon in the multiverses, if multiverse theory is correct. Anyway, let's get in."

"She witnessed a conflict, and promised a lot of broken souls to find a home where they could live in peace - let's just say that it already shows a lot of leadership skills. At least unlike other commanders she worked alongside with her people as well, and didn't only give orders from a soft-cushioned chair. We can respect that, definitely."

"She rules over an empire where social classes are non-existent, alright... We are kind of skeptical, but we will take it. The rest of her social views sound pretty similar to socialism or something, which is not always a bad thing, if not executed in a way like the bastards from USSR did. Politically, we can understand her anti-democratic sentiment, as a lot of candidates in conventional democratic countries are indeed con artists. That said, a bad dictator's damage is even more irreversible, so an authoritarian council is compromise in world of mortals."

"Overall, while there are some things we might find weird, and we wouldn't want to get in a fight with her, our opinion is overall positive. Also, we share the sentiment of working with "proper" democracies as long as they don't try to shove their views down in throats, which sadly happens quite a lot at times."
