The government being incompetent as opposed to corrupt (e.g., the government being the government of Western Fardelshufflestein).

Federalism.

The Army of DxD is an army tasked with defending the world from supernatural threats that aim to bring chaos to or destroy it. It is, for the most part, neutral in human politics (though it does slightly favour NATO), but will actively try to prevent a world war, and, in a war, will take a side if its bases, puppet territories and/or concessions are attacked enough.

Most of the stuff here is WIP.
