Jebus the RP almost has 100 OOC pages in 11 days, and the RP was pretty slow the first few days before I joined where nobody was really posting.

That's one of the reasons I don't RP; too difficult to keep up with. ☐

Common – Kingdom

Pretty damn disappointed with this album so far. The production on this is so typical of hip hop nowadays, and that is reflected in the lyrics (typical production usually = corny or cliché lyrics). This song is pretty good though.

Not usually, though. This is the most hectic RP I've been in and one of the main things I do on this forum is RP. There's just so many dang people.

I meant for me personally. Even in a simple chatroom RP with like, four or five people, I find it difficult to keep up. ☐

Common – Rewind That

Thinking a 7.2/10 for this album.

Aphex Twin-Hedphelym

There seems to be a lot of electronic songs with names that act like a bunch of weird made up words or random letters mashed together...

Kind of like a lot of electronic music; weird, made up, random stuff that's mashed together. ☐
I'm joking, but a lot of the electronic music I've heard sounds like that...at least to me.

St. Vincent – Digital Witness

Somebody pick a number between 1 and 72...can't decide which backlog album I should listen to. ☐
EDIT: Never mind, I decided on one.

Well, a lot of electronic is pretty strange, actually. Not all, but...Yeah, Autechre's bizarre song names fit pretty well.

Aphex Twin-Actium

One plus side to an active RP is it gives me a good excuse to sit here and go through a shit ton of albums again while role playing.
