Seriously, listen to Jerry Was a Racecar Driver. That bass line is what insanity would sound like if it had a sound.

I heard it in Scarface first and then in GTA 3. It's my all time favorite song. Cash is amazing too.

I dunno. I literally just sat down again when you made that comment...Then left and passed out for 2 hours.

Now my computers making me annoyed again, which being annoyed about something else was partly why I went to sleep....  This is becoming a fun night.

Not listening to anything right now because Spotify refuses to pop up on the laptop and my computer refuses to be working beyond crawling speed....So I'm just going to clear out some YouTube playlists I don't give a crap about anymore instead.

Yeah...

There's one character I think about that I literally can't watch some types of movies without going "I wonder how she would react in a situation like this...", and then of course I want to actually do those scenarios in an RP....

There's a lot of them that I see and think "Grr, my character would counteract all of this Hollywood movie stupidity that they do with dumb characters", because I'm very against that kind of crap so my character goes against them.
