Holy tankie empire, which lives on a fictional piece of land, essentially replacing China, Mongolia and Korea.

3.5/10

Tired of having to say this: The Kingdom of Voidstania is not a kingdom. It is a communist dictatorship with a weak democratic senate under the guise of a monarchy. Normal country stuff.

Also, NS stats and policies are not canon (Because I have a tendency to click the wrong options and give myself dumb policies)

6/10, the reds and blacks are giving me bad vibes. On the other hand, the symbolism is giving me good vibes. Kinda conflicted on this one.
