The penguins win the war.

The remaining human population is either killed or turned into penguins.

Man is one of those killed.

penguin ingests solidified enchanted gasoline and becomes a god, he shoots the face of the earth with a giant sun beam, flattening the entire planet's surface, and killing every living creature. however, before this occurred, a man named Fig Nertoon had a vision of this happening, and lead his family into an underground cave along with members of every species known to man. they survive, and begin rebuilding the world.

Penguin finds the scientifically created Nertoon family and tries to destroy them, but, somehow all of Far Kek, Jeffia, and the now independent Muzkhoyistan, now renamed The New Communist Republic of Muzkho, survived and destroy all penguin, except for the immortal god penguin Pengu. Penguinism is the new religion.

The last 8 posts turn out to be a dream sequence within Man 1's mind as he fakes his death. Miku searches for him, sobbing, but once she sees him, he abruptly gets up and embraces her passionately.

Man 1: "You think I would die to a random man? I feel enlightened about the state and future of this world, and I think I've seen the final boss we'll need to beat to save the world once and for all."

Miku: *blushes* "What is this final boss?"

Man 1: "I've heard that it is some sort of abomination made of CPU's, users' spirits, penguins, glitches, duplications, the UN, and a man

called Fig Nertoon. And it is arriving in 184 years."

New man.

Man allies with Man 1 and Miku, and they time travel 184 years into the future and the dream sequence happens.

Also this Man is Time Travel Man.
