Anarcho Transhumanist Bioposadist National Bolshevik Juche

We started a pandemic to rid the capitalist targs once and for all, rather than nuclear war (as to protect the environment), mandating vaccinations for all the proletariats and leaving the bourgeoisie vulnerable. We also had help from our fellow space comrades and dolphins (and monkes) to help build a new self reliant bookchin communalist civilization with enforced miscegenation (after it has been accomplished, it becomes true anarchy) and cultural homogeneity and then eventually we become cyborgs and explore the new frontiers of space. We revere our supreme commander Juan Posadas.
