Roelandia's economy follows the German model of Ordoliberalism, while its administrative divisions follow dual federalism - called "layer cake federalism" in Roelandia.

It is very sparsely populated as it has a cold and harsh climate. Most of it's population is concentrated along the coast in the south of the country, and they, interestingly, are dominated by the Polish ethnic group.

Kryell is the largest Island by population. Holding 30% of the populace.

Everyone always uses the black market factbook...

Cities in Avrram are carefully designed to house great numbers of people, yet not to the point where it is uncomfortable. They are known to foster a great sense of community and reduce dependence on automobiles, unlike most urban centers.

4 hour workdays and pure marxist communism is commonplace in their nation

pure marxist communism isnt exactly a bad thing. It's socialism that people get it mixed up with.
