Along the lines of Paganism or something.

The **Svaelyn Isles** is a series of islands noted for our **faith**, our **preservation of the land**, and our **superiority in culture**. A trusting hand to our friends, death by the sword to our enemies.

(This is not a pure reflection of my real views, but it occasionally can be. But assume it isn't unless I've said otherwise to be safe.)
(The Svaelyn Isles are actually one nation in my fictional universe I've created aside from NationStates and this is certainly not at all how the real [fictional] country is at all in my universe. The name was just used, but nothing else.)
