For some reason it reminds me of Chile/Argentina, not sure why.

A federal left-wing nationalist country situated in a fictional world in the extended Cold War timeline. Authoritarian by Western standards, Libertarian by Eastern standards. Atomic Tech - The year is 1978.

In process of retconning, especially regarding geography and demographics.

This flag invokes soi-disant mysticism and it is a statement. The depiction of a woman with vaguely asiatic features brings about the mental image of a highly esoteric and fantastical state. It is soi-disant as they forgoes the norms of flag convention, depicting an individual on their flag. It's a statement that the people are free to do as they please, and have the liberty to pursue their own interests.
