Faster the Treadmill by I Fight Dragons.

You should not give in to evils, but proceed ever so boldly against them.

What is asserted without reason may be denied without reason.

A lie is a lie even if everyone believes it. The truth is the truth even if nobody believes it.

He that will not reason is a bigot; he that cannot reason is a fool; he that dares not reason is a slave.

I just want you to please note that any knowledge I show throughout NS is based off of a 3rd grade education. All this means is that I probably know absolutely nothing about any subject I post about.
