Ah, it seems that clown Sarko is masterfully getting a coalition to form against his pathetic and spiteful regime. Most excellent. Sarko has been a thorn in my side since day one and I would be overjoyed to his kind purged from the planet and whatever is left to be exploited to the highest regard till there is only a deserted wasteland. Otherwise, Shawn as always is parasite and stain my eyes that has yet to convert to become a civilized man and has persisted greatly to ensure the death of a once great society.

"Now, onto the matter of the problematic John Mercer. I obviously have a very low opinion of this man, as has been previously stated. Firstly, he doesn't seem to notice how it is *Sarkos* not *Sarko*, although nonetheless I would never let such an undesirable man draw any fury from me for such a simple transgression. The way he runs his nation with his disgusting sense of smug superiority, however, is somewhat irritating, and there is a part of me which would really desire to see him knocked down a peg or ten. I have said this before, and I'll say it again: his disguise as a young man despite his old age is *disgusting* to me. What degenerate schemes he must get away with using this ploy truly boils my blood. Nonetheless, the fact that he mentions a coalition here is dreadfully worrying, and very much an issue."

**South Reinkalistan** is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

"Luddites. Primitives. Morons. Not direct synonyms *per se*, but they all apply masterfully to this... special breed of idiot. Those who blindly stare up at some wondrous "god", some make-believe deity, or perhaps real, if entirely self-aggrandizing, purportedly transcendent being, and use it as a crutch. A fulcrum to explain that which they themselves are too lazy and intellectually inept to understand. "Theocrat" is a worse branding than that - a mark denoting one who leads an entire populace down that fetid path of stagnancy, belligerence and the plight of the ignoramus. And Sarky here fits perfectly into that bracket. Dead family, ruined childhood... and yet what they lead up to is far more of a tragedy than the ultimately-inconsequential mental state of a single child. He should have been gunned down alongside dear daddy, and humanity would have been all the better for it. But I'm sure he's *great* at parties! Coups make for fantastic conversation-starters, in my experience."

I have yet to encounter anyone quite as bland as Paisley out of all the multiversal leader figures I've commented on. He got some degrees, joined his party, and ended up enacting a bunch of standard liberal policies. I think his stated political ideology sums it all up pretty nicely: "moderate centrism". That part made me laugh a bit, I'll have to give him credit for that. Any thoughts, Chimaira?

Emilio is just another third world dictator painting himself as a such of savior for the blacks against the evil white man, while at the same time marrying a white woman probably a self-loathing one as Emilio is one step away from committing genocide as all third world leaders have a tendency for. I hope before then, his regime collapses, saving Africa from another atrocity in its bloody history.

so im suppose to believe you have an strict political compass?  
No one follows anything exactly. To think that every communist country is a carbon copy just shows how propaganda works. Also the only city name that got changed is Cariograd...and it literally means Cairo City....so the name didn't change. King Emilio Myles is the first of his dynasty. Don't be a complete fool someone had to found the dynasty. A dynasty that has 500 plus member in it doesn't appear over night. you got me in the racist part though and im not ashamed of the laws seeing as Africa deserves alone time after what its been through, if western whites don't like the laws we do give them an escape clause.

"I know already what will his fate be like. Alexander II meets the aliens. Then he calls them "filthy barbarian xenos, who are meant to lick his "civilized" overprivileged royal ass. But alien dudes don't understand, and just make shashlik out of him. And they gonna enjoy the taste of royal meat... So he will be "Unavailable" like... forever. Or maybe he becomes a test subject? So many outcomes, so many possibilities. "-Shawn Bjornson

"European politics will always be just as much at the helm of warfare and violence as they view us in the Middle East. But the Sailor-Queen knows this all too well, surely. It comes to our attention that our predecessors in government have decorated her with two prestigious awards. Now, the ZOG is not so sure she is deserving. If the Germans have any interest in repatriating the Hebrew for all the harm they caused us throughout the centuries, they'd bring their Sailor-Queen down to the Mediterranean."

*"Though I am most certainly a Zionist and a supporter of Israeli sovereignty, Likud is an abomination, a monster of a man, and a stain upon humanity's already bloody records. I am horrified by his policies and the destruction of nations at the hands of the Jews, making me question whether Jews really ought to be trusted with independence."*
