And of course my CD player has to be broken... Oh well, already listened to one vinyl, might continue.

Venetian Snares-Herbie Goes Ballistic

Pondered listening to more, but going to make this the last song of the night. Also was going to go to sleep early but F that, it is 2:20 AM already, might as well watch a movie.

Aphex Twin-Jynweythe

Double, 30-song album for tomorrow, and then probably double 24-song album and the other ambient album is my goal to knock off tomorrow..on Christmas Eve (Why is it Christmas Eve?) because I have such a life

This album seems to be classified as a bunch of things.

Listening now.

Not that black, checked metallum, it said avantgarde progressive, now that's closer. 4/5

Megadeth - Psychotron

My mistake, the band was black.

[Arcturus - Ad Absurdum](#)

I believe Arcturus is incapable of playing in studios, and can only do it properly if it's live. How is it possible that a band's album songs consistently suck but when they play it live it's great?

Meh, I was inebriated and quite tired when I posted that, so do excuse my simple error. ☐

Inebriated... Christmas... I know my next song:

Leevi and the Leavings - Jouluaattona Kännissä

That would mean: Drunk on Christmas Eve

You're not nitpicky. :/

Nitpicky would be a black metal warrior saying everything sux0rz because it isn't true black metal.
