I don't know anything about like 75% of the bands mentioned here, if not even more. And it's not like I'm completely clueless to bands....though I guess I am kind of out-of-touch with popular music, and don't really care. But I do know a lot of music.

Of Monsters and Men-Your Bones. These guys have really grown on me, at least with specific songs. Iceland, you guys and your musical talent...

To be honest, I have no idea. My brother is playing his punk music in the other room and I can't tell who the singer is.

I just want you to please note that any knowledge I show throughout NS is based off of a 3rd grade education. All this means is that I probably know absolutely nothing about any subject I post about.
