Autechre-Bike

Earlier stuff was definitely different. Despite peoples opinions, I still think their newer stuff is quite good, too. But it becomes too much of this weird bombastic of sound for people I guess, and this fits more into normal song structures.

Still probably gonna plow through a lot of these because there is a LOT, and I really don't feel like going through every single one of them again.

Last album was good, but I still prefer their weirdness of their later stuff, to be honest. (Note I've listened to these already, but still)
