Man gets amnesia after falling off a balcony during his dance and suddenly thinks he's in the year 1569. Aila then shows up, proving him wrong.

Aila: "It is 1933, şoglogç. *Placeholderium* hasn't been discovered and the ISS isn't around yet. I can tell catastrophe for the world, unlike anything I've seen before, is imminent."

Aila: "It is 1933, şoglogç. *Placeholderium* hasn't been discovered and the ISS isn't around yet. I can tell catastrophe for the world, unlike anything I've seen before, is imminent."

Man, still currently suffering from amnesia, and who has zero idea of what Aila is saying, walks onto a bench and lays there. When asked by a pedestrian walking by if he's alright, Man responds "I am Smith".

And thus, Man is then christened as "Smith".

Smith finds some treasure.

Smith turns the treasure in to a local history expert, but was later told by said expert that the treasure is cursed.

Smith joins The Smiths, but during a live performance of "This Charming Man" in Bristol, Morrissey had to be hospitalised. The curse made Morrissey have a life-threatening incontinence issue. Alas, Morrissey passed away in hospital, after shitting out his spleen. Smith was made response for Morrissey's death, so all the Smiths/Morrissey stars put a bounty on Smith.

Smith flees to Czechia, finally settling there in early 1934; not much happens until you know what.

Eventually, 3/11/1938 arrives, and as the Wehrmacht crosses the border into Austria, Hitler and Himmler are killed by weaponry from Aila and some of her students in their (technologically advanced for the time) aircraft. World War 2 continues with Göbbels leading the Nazis. Emboldened by this sudden setback for the Nazis, France, Poland, the Benelux and Yugoslavia declare support for anti-Nazi forces and invade German territories before the Nazis can build up their military.

New Man becomes 18, he moves to N.Y.C., gets a job at a local Subway (the restaurant) as a cashier, he buys a apartment, and lives a completely normal life with his 1 dog, floof.
