ANDOUR ETERNAL!

A fictional nation situated in an archipelago in between the British Isles and Scandinavia set in the Napoleonic Era, the Kingdom of Andour is a society that exists for a single purpose. Spurred on by hatred of their neighbors and an incessant need to satisfy their beliefs, the independent villages and cities from the freezing blizzards of Vaspiria to the sub-arctic alpine fjords of Fjordland united under a High King. The High King now leads a nation destined to protect the people of the Andouran Isles and to cleanse Europe of its malfeasance.

Pray for Ukraine and Moldova.
Stalinist propaganda and other such ideologies should be banned.

Military Junta or Dictatorship.

Fyddin is a kind yet isolationist nation with a Parliament, Grand Court, and Jarl which serves a presidential role. Though laws may be strict, all decisions are made for the average benefit and safety of the citizens. The fishing trade is thriving, weed is legal, and the people are happy.
