They have a equal-opportunity military and a strong one at that.

Jebslund is a nation of kerbals ruled by Emperor Jebediah Kerman. We reject tyranny, believing that rights should be protected, though we also believe said rights end where the rights of others begin.

Shockingly, we *do* use NS stats, with the exception of lifespan.

They live by the sea.

universe.

According to F7, our medics without guns are more terrifying than the
dreadnoughts, drake mages, rage mummies that feel no pain, or the griffin
snipers. Plague doctors get no love.

The Fallen in our name does not refer to the fall of the British Empire, it refers to
London falling a mile down into the Earth into a world where people naturally
come back to life, talking rats and cats, have Hell as neighbors, many deadly
zee monsters, and more.
