Honestly its more the cheesy 80s movie. While the effects aren't always the best, I just somehow always find it fun to watch. /skipme

They were a very active user in NSG for quite a few years until they got banned. It was very controversial at the time so I can't really get into detail here, but if you're interested I suggest you look into it more.

What if Turkey and Iran switched politics...

We got the Islamic Republic of Turkey led by Ayatollah Erdogan with sanctions on her and no nuclear scientists because the U.S and Israel (and probably Greece) keep killing them, vs. The Republic of Iran led by President Khoemini who's currency crashed and he has no economic skill and keeps losing 100+ soldiers on easy operations in Northern Syria to anarchist, feminist, libertarian socialist Rojava girls with American missiles.
