No. I don't like dictatorships.

Saarkon is Central-European-like social democratic federation, formed from small Slavic republics.

I generally use NSStats. Except population. It's always 286 million. Saarkon is MT. Sorry for spelling mistakes, English is not my 1st language.

Currently this nation is under construction because I abandoned it for a year.

Hopefully I will return to RPing soon.

Considering it is a stratocracy and has a National Socialist party that holds almost a third of the seats in its legislature's lower house, I would most certainly not want to live in Irum.

Sure! It's a country that speaks English (very important), with relatively good freedom and prosperity. Lots of jobs that I might go into, and intriguing *biological* diversity that stems into great cuisines and other cultural wealth.
