Suddenly, at that moment, Supaidāman crosses the multiverse to meet with Roy. He talks to Roy about Uncle Ben and how to move forward with life. They have a discussion of morality, life, and society.

Supaidāman leaves to enter the cosmic expanse of space once again. But he wishes Roy luck in his future adventures.

Roy becomes Infinity Man.

Infinity Man creates a new universe.

Trossikada, Land of the Trossi

A fairly large tribal nation which hasn't been welcoming to outsiders, until recently. Tech level: Modern Tech.

NS stats aren't canon. Neither is my current flag (It's a Ukraine variation of the [canon one](#)).

Infinity Man kills himself for no particular reason.

New man.

Basically what many Americans think every terrorist organisation ever is. Will never get factbooks, now just my new factbook dumper. Top 150 in authoritarianism finally reached! Inactivity means I'm back down to 180 though. The Big Owl-loving one's new main nation. NSG, F7 and II are equally bad, I just happen to post in all of them. As it turns out, Mick does not die here since he is level 100. In fact, the crowd was a mob of Finneganists who knew who he was. In reaction, he massacred them all with a few exceptions, although he did sustain severe damage in the process.

His death was faked, but he still needed medical attention. Mina Sezlet sends a detachment to rescue Mick, and he now is back to being a full member of her nation.

Walter's cartoon mouse is a computer virus, as Walter also works for Mina.
