8TH AUGUST 2020
PRIME COMMISSAR MOZHKIN TURANISKI

TO: COMMISSAR LAKERSK TURNOV

Comrade Turnov,

It should be no surprise to you by now that the Ignisae disgust me. The twisted dog that this communication addresses is no different. Strein is, like most of their vile kind, a degenerate stain upon the land they inhabit. But it is with knowledge beyond such trivialities that I now contact you. It should be of no surprise to you that this foolish heathen is a crypto-anarchist, no matter how far they go to insist that they "maintain order". While the Ignisae are by default inclined to be a rabble, it is also important to note that this "Strein" allows a frankly irresponsible amount of "free speech" in their domain.

Clearly, this is a stepping-stone to the absolute breakdown of the vast Empire they have inherited. The naturally seditious nature of the

Ignisae will ensure that their national cohesion deteriorates. We should accelerate this process; I can only thank you for being here in these times. To exploit such a "woman", so emotionally taxed by the horrors of their youth, would make some of my more softly-inclined Ministers reconsider the morality of their cause. Only your unwavering dedication to the revolution gives you the holy clarity to identify what this foul horror truly is: another disgusting Ignisae whose bipedal form does not fail to betray their inner rot.

Only together as one nation can we best this beast, Comrade. Death to the Ignisae imperialists!

Yours,
M. Turaniski

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

Sigh "President La Salle represents the very degeneracy of technocratic capitalism I try to forcefully avoid, yet keep on returning. A state distanced from the people and only focuses on building evermore grandeur "lighthouse" megaprojects... I used to be like him. The Alatas family controls a relatively big construction company, and I can't help but see the decayed state of my country and think that authoritarian capitalism is the solution. Everything looks well and good, and before you realize it, you are already spiralling down onto a vicious McCarthyist rabbit hole with no way out, trying to desperately maintain an image of a clean and sanitized society while the evergrowing voiceless are kept under the rug."

"Still, many of his policies are pretty solid and I can see us becoming a pretty good acquaintance. In fact, despite my earlier criticisms, a lot of Mr. La Salle's thoughts are perfect to be applied to my archipelago, a "camel society" in need of rapid modernization into an "airship society". I guess in the end, there's no such thing as a perfect solution."

"Hm, as much as I am familiar with the traits of cunning and scheming from Chancellor Duke Von Burg, I am taken by surprise for a moment by this man who goes by the enigmatic alias as 'Der Fuchs'. And no, of course not, I will not dismiss his cunning and scheming which eerily surpasses even Von Burg's to a degree, it would be irresponsible of me to consider him as a simple radio host turned rogue. If Der Fuchs were to live in my time among my people in the fatherland, holding views that are, let's say, aligning more to the left of the political spectrum, and using the same style of oratory he uses in his timeline, taking advantage of my nation's precarious situation; to spread anti-monarchist and revolutionary socialist sentiment among the common people and encouraging the socialists I've persecuted and exiled to return, then I believe he would prove to be an enemy I believe is worst than the whole of the Russy Federation, and worst of all, opening a new front in the Great War: a revolution inside of the Empire. I will be wary for people who are inspired by his rhetoric and style, it fuels my deepest fears of my fatherland falling into socialism because they were copying what *Der Fuchs* is doing in the land he belongs."

Given his predilection for invention, he's no doubt clever in many ways, though this is contrasted with his rather reactionary views on the world and the subject of family. Then again, this could be my bias speaking, he hails from a civilization from the distant past, and one thing I learned in Naval School was to never judge the past by our modern standards. With this in mind, he was certainly rather progressive for his time in several ways, though I'm sure he'd be loathe to be described as such. I'm also not entirely sure how to feel for his hatred of certain ideologies driven by personal vendettas.

Which only serves to lessen the contradictions within capitalism instead of fighting the inherent core cause behind all of it. With the lumpenproletariat supposedly satisfied with welfare then they would indeed gather the strength to fight their

If the assassination of his parents is a self-realization for him to oppose communism at all cost then no doubt a spontaneous Ruhr uprising with our support will shake the imperial foundation and himself to its core. "I simply can't wrap my brain around your alien culture. Where would I even begin? This does not mean we cannot do business, however."

We do business with nations across galaxies, of all kinds of cultures. We can get you started with a basic defense package right away, if you desire. But if you really care about the safety of your people, and want to ensure your rule will remain secure, you should go with one of our advanced or custom defense packages. I understand you care about your people, and want what's best for them, don't you, Faenmytire?"

And they sure as hell don't weigh 813 million kilograms!" - **Kasren Vereyn**, Emperor of Greater Cosmicium, in shock after seeing Zhodru's face

Where were the "stop the war" people when the US was invading Afghanistan, Iraq, Libya, Syria, Yemen? Oh wait, they were supporting those wars because it wasn't Russia doing it.

"My face is considered quite normal for my species. Indeed, some find my face quite attractive. I was cloned from the genetic code of one of the finest matriarchs of my species, after all. Yes, I am a bit on the large size, but that is a sign of good health. It means I am eating well and quite fertile. I suppose to a

less social species, this many children would be considered unusual. It is similar to some of your terran species, like ants, or bees. My offspring do not grow to the same majestic size or intellectual prowess as yours truly. My offspring are smaller beings that take care of me. I am a hive queen, that is what I am biologically programmed to do. I simply lay a clutch of eggs every few weeks and my worker offspring take care of it.

I don't suppose you would like to purchase any of my company's services? We offer the finest security in the galaxy."

lieb Vaterland, magst ruhig sein,
Fest steht und treu die Wacht, die Wacht am Rhein!

Oswald's Mood: *Doubting*

"The current circumstances regarding the state of the so-called Greater Cosmiciu are gravely precarious and unfortunate. Vereyn's belief that he can go avoid a civil war and direct the polity to a new, democratic constitution—if the members which self-proclaim themselves as emperors do not take up arms—frankly, I greatly doubt it that he succeeds in achieving it. Any one of those persons who claim the title of emperor will deny Vereyn's ambitions to achieve theirs."
