Monkey 3726 was an air traffic controller at the time of the Snap. The plane carrying 3727, left without a pilot, crashed directly into 3726's airport traffic control tower, killing him.

Ivan Kovalenko tripped over his shoelace due to a frayed aglet, causing the sidewalk to crack. Monkey 3725 fell into one of the cracks.

Monkey 3723 was charged with witchcraft by the good people of Salem. He chose to take a test to clear his good name, was tied to a boulder, and thrown into the river. Fortunately for him, he sank to the bottom, passing the test and going to meet the Lord with a clear conscience.

Monkey 3722 was a Witch-Hunter General in Salem. He killed so many witches that Satan himself came to the surface to tell him to stop. Upon realising that he really had killed witches and it wasn't just an excuse for murder, he suffered a cardiac arrest and died.

Monkey 3711 (the two previous monkeys were 3713 and 3712), who was frustrated by how multiple monkeys kept having the same numbers despite a large time window and a relative lack of ninjas, decided to blow himself up in the middle of Monkey Co. Sweden.

Monkey 3707 shortened his number to 07, then pretended to be James Bond. The real James Bond, 007, found a pretext to kill him, then fired over 30 bullets from a suppressed pistol into monkey 3707's head without reloading.
