Or I can just pass out for like 6 hours instead of finishing those 3 albums...Not that it matters, I had a fairly good day of music listening anyway.

Uhrilehto - *Huoranpenikat Ja Huijarikuninkaat*

“ CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Deleted the band that was 11 hours worth of songs. Vocals were annoying, though musically they seemed good, and I'm not sure how prominent the vocals were but whatever. Not worth it.
