If you mean corruption, 3-25 years in labor camp, or even DEAT. We do not tolerate corruption.

Calling YL [insert mix of YL's name and Hitler's name here (e.g. Putler, for Putin)].

A special political prison for fascist sympathizers. Owning a Nazi insignia or portraits of a fascist leader that isn't in the history book is considered a Nazi and fascist sympathy which is a very serious crime and it's punishable by life time in above mentioned prison.

The only groups eligible for sanctuary or resettlement in Versilia are Versilians/expats and those belonging to ethnocultural groups related to Versilians (i.e. Scandinavians and other Dreg/Elf groups); or other followers of Sannrú/Sannsidu or related customs. Keeping them housed like captives rather than fellows would result in one's removal from position and damage to one's reputation, at least.

Practicing customs alien to YN's indigenous culture (e.g. female genital mutilation in a Western/civilised society).

Depends on the severity of the custom. Any forms of harm or criminal activity are prohibited, but any other custom is acceptable.

You're supposed to be arrested and sentenced to 2 years of hard labour and barred from politics if you take a bribe 50 Dekmals or higher.

However I'm not in the top 10% for corruption for nothing.

Depends. If the area on which the situation has happened and LEO which was impersonated was not a member of any paramilitaries than it is up to two years of correctional labor, around 10 grand N\$ in fines. If he was then it is a high treason and shooting squad is the punishment.

High treason?
