First time listening to Rush.

I really don't like Rush despite the praise that they get.

Edit: Personally, I think the more frequent vocals on some of the tracks could potentially ruin some of these guys songs for me. I like what they are doing musically, but the vocals bother me for some reason. At least they don't stand out that much and are more made as background noise.

At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
