Gives a Catholic vibe, especially with the similarities to the Austro-Hungarian flag

Factbooks and dispatches (which are works in progress) are the primary source of information for my nation. I try to have my stats match my idea of my nation but I think policies are the stat I can control the most.

I don't dislike anyone here. Agree or disagree, we're all compadres. :-)

And you did right doing so, otherwise you would come up with completely different things and you often know it is wrong but you still have to base it on the flag or else the game won't work.
