Monkey 1935 was about to fetch some coffee to his boss when he decided "screw it, I'm drinking the damn coffee myself". On the same day, said monkey was fired and ever since was not able to find a job. After the unemployment payments were over for good, he couldn't pay the rent, and thus died on the street as a homeless monkey after accidently drinking coffee someone just left on the street.

Legends say that cup of coffee belonged to 1935's former boss...

Monke 1934 siezed the means of production... in cold-war era USA. Execution for treason was his punishment.

This some what represents my views, with a few exceptions.
