It happened to me a few days before. I was irritated by how one of the judges thought she wasn't skilled enough.

She deserved a slap for dissing on a 6 year old with that much potential for black metal. There aren't nearly enough female vocalists for black metal, or any metal really.

.....She's like, 6. I still can't do anything close to that at 18 and I sing along to my music all the time! Silly judges.

"Now I'm going to go to Howie who is an expert on this kind of music"

Erm okay, no, he's not an expert, despite the fact he likes that kind of music (Which actually surprises me, really. Used to watch Deal or No Deal)

I for one like google's information tracking because it results in relevant and useful recommendations ☐

I wanted to facepalm because yes he said it's screamo...but he was being supportive so that's forgiven. We have to go easy on newbies in the metal scene.

[Burzum - A Lost Forgotten Sad Spirit](#)

It's an interesting sound when black metal is both raw and polished. When a song's production quality is too high it kills the black metal feel, but this Burzum song is somehow raw and refined.

Geez, both of these are over 10 minutes long. How am I supposed to post frequently while I'm listening to long songs?!
