They were one of 3 states to form after the USSR's collapse. Claiming all its former territory.

A then-Princess Alicia ordered the execution of multiple Galactic senators after they were discovered to engage in child sex slave trading. Not only that, it was done without a fair trial. (Fine by me, pedophiles should get executed tbh)

They had a civil war that is reminiscent of the American civil war (north vs south, slavery, secession)

Alicia Weitz Maximus, the Empress of the Intergalactic Empire, used to enjoy horse-riding as a kid. Originally, her father was going to put Alicia's sister in the throne, but she ended up getting killed in a terrorist attack (Along with her mother). Also, she admitted to having a same sex lover.

The Blyamet Federation is stupid. They had the advantage but were just too dumb to realize it.

Of course, religion is a major source of conflict. I mean, seriously? You all had a fight about what gender and whether or not your deity was magical? The Holy War of Woomy-Ngyes is completely absurd! I suppose what I learned was that Squidism causes no less bloodshed then the normal religions of the world.

The country was originally part of Russia, which was undergoing a serious economic crisis.

"Believe you can and your halfway there." -Theodore Roosevelt

"Jesus was the first socialist, the first to seek a better life for mankind" -Mikhail Gorbachev.

I'm just a simple man trying to make a country on the internet. And yes I do not use NS stats.

The Democratic Socialist Republic of Karevka (DSRK) is supposed to be a stand-in Soviet Union, although with major differences like the allowance of private business (But the state is a partial owner) or the fact that they allow LGBT marriage. Kind of alternate history or alternate universe I guess.

There was an incident involving several senators and an underground child sex slavery ring. One could only imagine the scale it was on. The Catholic Church probably was envious.

There a Sicilian kingdom that sided with Napoleon during the Napoleonic wars and remained independent through Italian unity

The Sicilian State, instead of following Italy and joining with them, decided to strive for their own path and, in turn, allying with France during the Napoleonic era. It remains, to this day, it's own nation.

Ninja'd again, one moment.

Ding-dong, the Emperor's dead! Apparently their emperor had a heart attack in their sleep and left some mighty fine boots to fill. They had no successor and now four people would like to step up to the throne.
