Federated Communes of Cygnus X-1

A federation of various leftist Communes in a Sci-fi world, orbiting a beautiful dance of a black hole and a blue star.
Part ancom, part Democratic Confederalist, some mutualism and a fair bit of fully automated luxury gay space communism. So a united libleft polity in space.

“

If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.

Federal Kingdom of Deltia | Bundskongsriik Deltie

A PMT right-leaning liberal democracy in OTL Poland that's somewhat Germanic culturally and under a nominal constitutional monarchy with mecha-cops, quasi-workfare, and a very fast-growing economy with blackjack (and hookers!)
