Monkey 3702 discovered that Santa Claus's actual workshop is on Saturn, not in the North Pole. Mrs Claus shot him with a 1600s-era musket to prevent the world from learning this secret

Monkey 3701 also knew that Santa's workshop is on Saturn, so he told about 500 monkeys (They didnt get killed) in a speech. Eventually Mrs. Claus found 3701 and killed him as well while the other 500 monkeys got away safely
