Magic: Non-negotiable

Ponies: Yes, occasionally

Tech levels incompatible? Then kick me out of the thread, because if you RP with me you accept my tech.

Note: Before 2480, Olwe was called Athan. If you see this word in a thread, it's because you mentioned a year incompatible with Olwe in that thread but still made it open to all techs and therefore are allowing Athan's magic.

[Dub Trio-Sunny I'm Kill](#)

Edit: This album seems much more dub. Still got some metal, but definitely more dub then their 2 most recent ones. I think they came from dub with metal to being metal with dub.

These 2, of the Kamelot songs I hear regularly in my sisters room, are some of my favorites.
