Depends how bad. Littering? Small fine. Illegal industrial-scale pollution? Much bigger fine and maybe jail time

Hate speech (also say how broadly or narrowly this is defined)

Not a crime; in fact, encouraged (hate speech is defined as negative speech against someone for who they are). The only exception is if it's hate speech towards the majority groups (i.e. adult Kaywellian Keliostic cisgender heterosexual able-bodied neurotypical rich noble tabulon somales), in which case the punishment is death.

Contraception?

Hate speech is not illegal nor even legislated in Drongonia. Insulting someone (for whatever reason you choose) is rude, not illegal.

AAN: If you mean being naked and streaking, that's 24 hours of community service or a week in jail. Wearing exercise clothing, such as sleeveless crop tops and short-shorts, is not considered immodest and is totally fine (except at church and in religion-related gatherings), but if your cleavage is showing (for women), that's not okay at all. Being outside while shirtless is fine for men as long as you are at least wearing "speedo" briefs (anything more immodest is considered streaking) and if in the context of exercising, playing active sports, being at the beach, and other related activities.

AN: Not a crime. Brackelium can duplicate coins and bills out of thin air, and with a license, may be used in bank ATMs among other places.

You need a license to produce, transport and sell drugs, which is valid for all drugs except for cocaine. Selling Meth is valid and would get you scot off free, not without dirty looks from government officials. Selling without a license can land you in prison between 1 month to 10 years.

Well, it all depends on how those racial slurs were used. If they were used lightly as a joke or sick joke, probably nothing would happen. However, if they were used directly in an inflammatory way against another person, you can get from 6 months to 1 year in prison with a change to the semi-open regime after the 3rd month.
