"Long ago, there was a Cala who could not stand the idea of their decisions making anyone sad or angry, and so they strove to take as moderate and centrist a role as possible in all of their decision-making. They were pragmatic, sure, but their effort to balance conservative and progressive aspects of governmental philosophy meant that they were incapable of satisfying either. In the end, in their effort to please everyone, they failed everyone, and were given wings very swiftly. So ignominious was their departure that no knowledge remains of who this Cala was, even whether they were a man or a woman. They tried to play things safe, and the other players tore them asunder.

"I tell this story because I see it in you. I do not believe that I have ever seen another person who has striven to take the middle road on so many varied issues. What little agenda you seem to have championed is stymied by those emboldened by what they see as weakness because your offensives lack both direction and impact. Please understand, I do not speak of military matters, simply your efforts to see your vision made manifest. You are playing it safe, and all that does if give your enemies time to capitalize on your weaknesses."

Godulan Puppet #2, RPin as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.

Luden strikes me as a strange figure. His appearance would certainly frighten those rather superstitious Legionaries, that's for certain. His immortality doesn't come from normal technology like mine does, but from some sort of experimentation by his predecessor. His ambitions are laudable, wishing to reform secret organizations like I had the Courier do with the Omertas and, well, not the White Gloves. His desire to reclaim territory for his nation, out of the hands of what I assume are feral mutants, is something that I also wish him success in.

Anyway, my opinion of Luden is leaning on positive. I say leaning on, because I haven't seen yet whether he'll be successful in his ambitions. It would be nice if he were to be successful.

You need to stay out of the foolish habit of underestimating me. Vegas has fools enough, a superfluity of them. *They* make it so profitable. They come to Vegas chasing penny-ante dreams of high-living, to feel like they're big shots, like they're winners. New Vegas is more than just a city. It's the remedy to mankind's... *derailment*. The city's economy is a blast furnace in which can be forged the steel of a new rail line, running straight to a new horizon. With all the profit flowing in? I've already reignited the high technology development sectors, restarted agriculture in the Mojave, and established a colony on Mars. Give me just 50 more years, and my colony ships will be heading for the stars, to search for planets unpolluted by the wrath and folly of a bygone generation.

"If you don't watch everyone you know and love be taken from you by an malevolent entity as a child, was it even brutal?  
Im sorry I just thought it was funny that the reason it was rough wasn't clearly stated but you went at the poor lass nonetheless, it makes me snicker.  
Sure all those you love can die, but have you ever been- I'm just kidding, I've seen it all, but I'm not here for pity, or to prove that my story is lesser than yours, I'm sure you are not either.  
Just letting others know that there's other horrors out there and not all are born with that silver spoon in their mouth.  
Im a entity of empathy, so I understand, but you come off as a bit of a jerk, to put it light of course.

You were my first sight as king, I hope you know that. And it brought me a sense of disappointment that I was stepping into a multiverse where people are so uptight that they have to bear their fangs at everyone they run into, it's a trait that I don't like. But, it brought out a curiosity to understand why. I mean after all I've seen others treat you like a child, and even I just mocked the death of those that were close to you, so I understand why you act the way you do, you've had it rough. And I do respect that."-Luden

It really is no surprise he died in the broken system that he didn't destroy. As for Luden, we find him quite adequate, his expansionism is good especially as we're still considering adding Low Bloods as an ally. We do think that his idea of 'cowardly tactics' is a bit stupid honestly. If something works then it should be used, a silly idea such as honor shouldn't factor into it's implementation at all. "There are those who have called Me apathetic- they are, uniformly, wrong. True apathy- true *insincerity*- is modeled only by a select few, of whom this Zen Kaisar is one exceptional specimen. Whereas most, Myself included, can find it within themselves to care for others beyond their immediate usefulness- a uniformly admired trait, so far as I am aware- he is the type who, if there is but a whiff of inconsistency, or a droplet of doubt as to your ultimate usefulness for him, will dispose of you, without compassion or sentiment. Now, I will not do as I have done before, and devolve into some tyrannical rant about his flaws- I will end with one thing which I like about him... "Oh Ilitu, if only you would just take over the mess that you see Hamatu is. We are aware this is a sentiment that we express very often on this forum, but truly Ilitu is the one who would benefit the most from following our advice. Most of her population already reveres her as a god and as such if she were to walk into the parliamentary building of her nation, hang all the politicians inside, and declare herself the eternal ruler of Hamatu we doubt that she would have much opposition. We aren't exactly sure what you plan to do by sleeping for days at a time and waking up to wag your fist at your people, but clearly, it is not working. We don't have much to say on her policy, mostly because her apathy prevents too much from being done. Though we will commend her for caring enough to tell her followers not to commit incest as that is as she said 'gross'. Overall, my opinion on Ilitu is negative, not for anything she's done, but for that which she hasn't done. The lack of ambition and general apathy when faced with a situation which anyone worth being called a leader would jump upon makes us think that she isn't really interested in leading anyone."

What brought him to Patagonia? What was it that Patagonia has that no nation have? Galeazzo pondered as he drowned himself in a sea of thoughts. Patagonia with its winter nights was beautiful in this time of day. He took a sip of coffee from a streetside cafe and watched as the snowflakes fall on stone roads. Analyzing and calculating the many ways to get Le Patron on his side and play him like a fiddle. Patagonia in all of its anarchy might seem beyond saving but perhaps not so with the help of three people: Skorzeny, Mishima, and Bush. The cards are now aligned for his grand plan. Redefining Futurism and make Patagonia lasts for a thousand year. Not under Le Patron but him as its Caesar.

It is true that nobility has degenerated so far and it is only right that the Futurists will replace such antiquated ideas. You control a small kingdom which has fallen from night. It's about time a larger nation will put you and your country out of misery.."

Russian Regency: "So it's true what the delusional mad man says. The rightful Tsar will return... But what is the cost for such majestic divine return if it was paved with the roads of skull and nuclear fire that the Mad Regent has prepared to roll like a red carpet? Is there really a benevolent God that the Orthodox preach and if so why does he allow all of this to happen? Alexei, Russia is beyond saving. There's no time to save Russia when there's the German menace in Moscow. Striking Vyatka at any time."

- There are many things said about Patagonia but few actually know what goes on behind the Andes mountains. Tales of human depravation and man's inner darkest self run wild. A place where avant-garde culture flourish and the artist don't fear the censor. Where all live bold and free under the gaze of the Patron. Yet all dreams will come to an end soon...

"Galeazzo is emblematic of how the Italian Fascist movement degenerated from a heroic movement of national syndicalist revolutionaries, the movement of Fiume, to a conservative movement that advocates for a regulated capitalism. It is little different from what happened to the communist and socialist movements, as the Third World corrupted them from movements of liberation to movements of oligarchy at best and despotism at worst.

Galeazzo is even worse than Mussolini though. Mussolini, at least, deep down still had a revolutionary spirit, even as it was corrupted by his cynical political gambit. At least, people like Edmondo Rossoni were allowed to flourish under a 'Fascist Syndicalist' movement in the early years of Mussolini's rule.

The Patagonian Blackshirts in general, like their Italian counterparts, represent the worst of Fascism. They are nothing more than brutish stooges of the capitalist class, glorified Pinkertons. They have neither the spirit of Fiume or the national syndicalists of ur-Fascism.

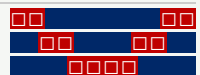

I actually wholeheartedly support the true syndicalists of Patagonia, national or otherwise, against Galeazzo and his statist-capitalist corruption.

Perhaps, his oriental background explains his propensity towards authoritarianism."

Republic of Confederate American States and Syndicates

No, it is not the Confederate States of America. No, it's not the South either. SU stands for 'States and Unions'. The right acronym is RCAS. Please read the Factbook.

"They are a far cry from the America I, personally have become familiar with. One which lets the likes of abhorrents, close to the measure of the mad regent, that anti-christ, Sergey Taboritsky, roam freely and preach their disgusting views.. Regardless, I am, personally not a fan of these... Syndicates, hope was lost in Russia twice already, once, due to the bolsheviks which trampled the monarchy then lost our cultural centers to the nazis. However, I pray that they never experience the abhorrent rise of the "Burgundian system" as I have come to know it, that the mad regent, the traitor to all Russians, Taboritsky, brought to the Russian people." - Tsarevich Alexei Nikolaevich Romanov.

"Tsarevich is back, cause bullet didn't kill him thanks to the grace of our Lord and Saviour, in which I don't exactly believe. And fancy outfit with gems, which acted like some sort of body armor. Lucky dude. Hell if I know, what he's gonna do now, but maybe, just maybe, he actually can reverse all that shit, his unruly regent had caused in Russia. So far, he ordered damnation memoriae on the traitor, but then again, there is Streisand effect..." -Overboss Shawn Bjornson

"Oh joy, more idiot religions to exterminate with extreme prejudice. Feels like a waste of time to even attempt to conquer.
