Autocracy

The Coaliton is an empire that has territories in multiple universes. It's led by the Master His power is immense and His intention are uncomprehensible. Is he trully humanity's messiah or just a cruel deity that sees us as his playthings.

Some kind of esoteric, pagan empire

The Dominion of Upper Nan: a technologically-advanced technocratic, national-syndicalist state where the people are mostly left to their own devices and given generous benefits so long as they obey the (numerous) laws and don't get any clever ideas about challenging the State's authority or bringing back democracy.

Largely inspired by *Judge Dredd*, Plato's *Republic*, and the political philosophies of Juan Perón and (to a lesser extent) António de Oliveira Salazar.
