While on the toilet, Man sees some writing on the public stall. It says, "Meet me here at 12 midnight."

Ninja'd

Man wishes to talk to Flavius, but doesn't know how to speak Latin and is wearing modern cloths

Tutto è possibile, Entro i limiti della

In Italian it means
Anything is possible, within our limitations

Or at least i hope that's what it means since these days you can't trust google translate. For all I know I could be saying "Your mother was a hamster and your father smelt of elderberries!" PS: If you get that reference then you are very cultured.

Man uses his pocket Latin dictionary and says to Flavius:
"mihi nomen est Biggus Chungus"

Then Flavius greets and bows before him.

Man goes into a paradox.

Man sees a huge wall of texts inside his paradoxical consciousness. There's written everything that happened to all men in "Man" thread. Man, shocked:

"Is that last line, my fate?"

Sudden sounds and images appear, they all say:

> "Yes"

Man: "That's not fair! There must be a way to break out of this cycle."

>"There is..."

Man: "Tell me how! Please!" (With tears dropping from his eyes)

>"Find that thing! The thing you have always been looking for..."

All the images now become binary representations. The last thing Man sees before waking up is:

01000011 00110010 00110000 00110101.

New Man walks around his home, he notices oddities, around his house. Some objects would move around when he wasn't looking, and some mysterious object would appear and give off more light than a candle could. Other thing would be an object constantly appearing in his peripheral visions. Well none of it mattered as he was a French peasant so. New man began farming.
