It's kinda evil, but not super evil. If evil flags were criminals, this is the flag that picks pockets for petty change.

5/10: not a *bad* guy, but keep an eye on your wallet

Looks like a country that is peaceful now, but they were probably causing trouble 10 years ago and they'll probably cause trouble again 10 years from now. 4/10, though.

The right man in the wrong place can make all the difference in the world.

6.5/10

On the one hand, it's North Korea's flag, so that probably means evil to their own citizens, but in terms of evil for the rest of the world? Yeah, probably not anything more than sabre rattling.

3/10, while the colour scheme may seem somewhat threatening, the emblems seem far more peaceful, even if it's a little hard to distinguish them from the background.
